

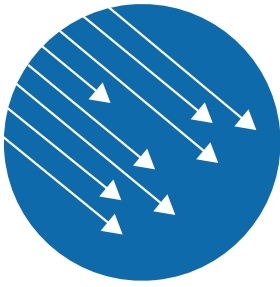

EXHIBITION OPPORTUNITIES

Navigating the **American** Carbon World

April 1-3, 2009

San Diego Marriott Hotel and Marina

The California Registry's annual conference brings together thought leaders on climate change to take a hard look at developing climate policies, standards and trends. Over 1000 policymakers, businesses, academics and NGOs from across the globe will gather in San Diego, CA for this two day event that focuses on providing a complete understanding of the climate programs being built in the world around us and helping you successfully navigate your organization's course into the future.

Exhibition Package

\$4,000 for 8x10 ft space
(Limited Availability)
